Financial Hardship

It is the policy of Retina Consultants of Southern CO, P.C. (RCSC) that patients experiencing financial hardship may apply for a discount or waiver of the patient's financial responsibility. Whether or not such a discount or waiver is granted shall be based on an individual assessment of the patient's financial circumstances, and an assessment of the Practice's legal and contractual obligations to the third-party payers.

PROCEDURES

1. The Practice does not advertise its financial hardship discount program, nor does it routinely offer discounts or waivers to patients.

2. The Practice determines whether the patient is a beneficiary of a private third-party payer plan. If appropriate, the Practice determines whether its agreement with the payer prohibits a financial hardship waiver or discount.

3. In order to be considered for a discretionary discount or waiver, individualized documentation of financial hardship must be included in the patient's medical record and a supporting note in the patient's financial account. The documentation needed to apply for a financial hardship discount or waiver is listed below:

    a. A completed Patient Financial Assessment Form (see attached).

    b. One or more of the following:

        1) Documented proof that a patient is at the current federal poverty guidelines as published annually by the U.S. Department of Health and Human Services. Documented proof may include documents such as W-2 withholding statements, unemployment check stubs, pay check stubs, income tax return (1040), forms from Medicaid or other State-funded medical assistance, forms from employers, and/or welfare or community agencies; or
        2) Documentation that a patient has other circumstances that indicate financial hardship, which may include, but not be limited to, proof of bankruptcy settlement, catastrophic situations (for example, death or disability in family) or another documentation that shows that patient would be unable to pay medical bill and still be able to pay for other basic necessary expenses. The Practice Administrator or designee will be responsible for considering the grant or denial of hardship status under these circumstances on a case-by-case basis. Documentation must be submitted for the review.

    c. Income shall be annualized from the date of request based on the documentation provided and upon verbal information provided by the patient. The annualization will also take into consideration seasonal employment and temporary increases and/or decreases to income.

4. Any denial of the financial hardship discount or waiver request is documented and includes instructions for reconsideration. If additional documentation is received to support the financial hardship, the request will be reviewed and considered per the above guidelines. The decision of the Administrator or designee is final.

5. All information relating to financial hardship requests will be kept confidential, except insofar as required by law.
